

EXO Solutions factsheet

MYOB EXO

Do you know what's happening in your business right now? MYOB EXO can help you find out.

MYOB EXO is a powerful suite of medium business solutions that connects every department in your entire organisation, in real time. So it's easier to figure out where things are at right now – not just at the end of the month.

How MYOB EXO can help you achieve this

With MYOB EXO you have the flexibility to build a total management solution to suit your individual business needs.

Want full visibility of every transaction and stock movement? Our accounting and finance module will help. Want an all in one management tool for payroll? Our payroll module takes the pain out of managing a growing workforce. And with MYOB EXO ClientConnect, there's now a CRM module that makes managing contacts and sales opportunities easier too.

Product suites within the MYOB EXO family

MYOB EXO Business

MYOB EXO Business is a complete fully integrated financial management system that puts advanced functionality at your fingertips.

It's ideal for a large number of users in multiple locations and consists of modules that support the following areas:

- Accounting/General Ledger
- Payroll
- Customer Relationship Management (CRM)
- Job and Project Costing
- Asset Management
- Point of Sale
- Intercompany Reporting.

MYOB EXO ClientConnect

MYOB EXO ClientConnect is a multi-user CRM tool that actually works from within Microsoft Outlook®. Developed for a dynamic and mobile sales team, use EXO ClientConnect to:

- Better manage clients, prospects and sales opportunities
- Access critical information without jumping from program to program
- Quickly find and organise documents, emails and other correspondence
- Increase your sales pipeline visibility
- Communicate more effectively as a team.

MYOB EXO Employer Services

MYOB EXO Employer Services gives you control over all aspects of staff and helps you manage and communicate with your most valuable asset, your people, wherever they're based.

- Payroll
- Time and Attendance
- Employee Self Service
- Employee Information
- Time Clocks
- Timesheets.

Build a fully integrated management solution or use as individual modules

You can combine EXO Business, EXO ClientConnect and EXO Employer Services to build a fully integrated management solution to fit your individual operational approach or as separate modules.

The benefit of this set up is simple – you have a framework that's strong enough to meet your needs, yet flexible enough to grow with you.
